Welcome! Thank you for selecting our office. It is our goal to provide your physical therapy needs as thoroughly and efficiently as possible. To do that, we need to work with you as a team.

As part of the team you need to know and understand a few things. Before we begin we will discuss and explain our treatment plan. Depending on your progress the plan may need to be changed. An estimate of the total fee for your treatment is virtually impossible because we cannot tell how long it will take you to progress. We will be able to tell you how much each treatment costs. If you are uncertain of any change or cost feel free to ask. We are more than happy to answer your question. Your physician will then be contacted for permission to treat a new diagnosis.

Our policy regarding payment for our professional services is as follows:

A: Cash, check or major credit card will be accepted at the time of treatment. Any account not paid in full 90 days after treatment will bear interest at the rate of 1.5% per month or 18% per annum.

B: Treatment involving any laboratory work, braces, orthotics or prosthetic devices may require a percentage of the total fee be paid before treatment begins or the device is ordered. This is necessary to cover the laboratory fees or the cost of the device we must pay in advance.

C: In the event we have to use an attorney to collect any unpaid balance due for services to you or your family by signing the information form upon your first visit you agree to pay all costs of collection, including all attorney fees whether suit is filed or not.

INSURANCE: As a courtesy to our patients we will file your primary insurance and secondary insurance. Please check your insurance policy prior to service to be sure physical therapy / occupational therapy is covered.

MEDICARE:
